Lagermax wins third place at the ALC Awards 2025

++ Bronze award in the category of major Salzburg-based companies ++ 360° logistics solutions along the entire value chain ++

Salzburg, 27 October 2025. Lagermax Lagerhaus und Speditionen AG was awarded third place in the category for large companies in Salzburg in the country's most prestigious business competition, Austria's Leading Companies (ALC). The award underscores the strength, stability and sustainable growth of the international freight forwarding and logistics group – and is also an incentive to continue providing tailor-made solutions at the highest level.

360° logistics services – all from a single source

The Lagermax Group offers comprehensive 360° logistics solutions along the entire value chain – from automotive logistics, warehousing and multimodal transport to recycling, battery logistics and parcel services. With the ongoing development of its own international network, Lagermax focuses on a future-proof, customer-oriented range of services that covers all areas of modern transport and logistics requirements.

“This success confirms that we are on the right track, especially in these economically volatile times. Third place in the ALC Award demonstrates the Lagermax Group's performance in a challenging competitive environment. However, this would not have been possible without the dedication and commitment of our employees,” emphasised Alexander Friesz, Lagermax Board of Directors, at the award ceremony at the IMLAUER Hotel Pitter Salzburg.

The prestigious ALC Award puts economically outstanding companies in the spotlight every year. The evaluation is not carried out by a jury, but on the basis of an objective and transparent key figure model. The award was presented for the 27th time this year by ‘Die Presse’ in collaboration with KSV1870 and PwC Austria. The Austria's Leading Companies Award is one of the most prestigious business awards in the country and is a key seal of approval for sustainable corporate management.
